These 14" x 1<sup>3</sup>/<sub>16</sub>" Year-In-View® calendars are perfect for affixing to any suitable surface where there's no room for a wall calendar to hang. You'll always have your year-in-view—on a keyboard or computer monitor, on narrow desk spaces or in a vehicle. It's a great item for around the office; the only limitation is your imagination.

Five lines of ad copy are included on any of the variations of this popular product. The pressure-sensitive vinyl is easily removable, so you can replace it year after year. The Red & Black and the Custom Full-Color options are both available as academic year calendars (July–June) as well as traditional.

Ad copy prints in black on all but the two custom color options (6230, 6444C). Keep your imprint at your customer's fingertips with this winning advertising solution.
